1926.

Mr. Timothy N. Pfeiffer,  
c/o Senator C.E. Case,  
Somerville, N.J.

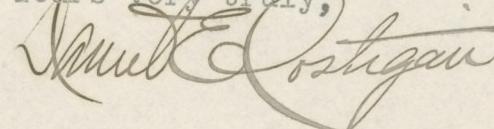

Dear Mr. Pfeiffer:

In compliance with request made over the telephone this P.M. by Miss Anderson, I called at the Dempsey Carroll Stationery Company's store at 13 East 47th Street and there interviewed Mr. Stevens, the manager, relative to that firm having printed 250 cards for Dr. Edward W. Hall some time prior to September 14th, 1922. Mr. Stevens made a thorough search of their records and informed me that they never made any cards for Dr. Hall. He stated that in his search he consulted three different checks and that it would be impossible for Dr. Hall or any other person to give an order to them without that order being on record.

He exhibited their index book for the year 1922 and I went over it with him and there was no Edward W. Hall recorded therein, although there were various other Halls, including a Dr. Hall from Morristown, N.J.

I questioned him regarding the texture of their calling cards and he exhibited what they termed their Standard texture card, which appeared to be a thin card somewhat thinner than the ordinary texture used in calling cards. He advised me that if there was anything else he could do to help me he would be very glad to do so.

Yours very truly,
